

SMARTOP

Upright 3.0
DeckMount

by Leisure Concepts

Installation Instructions - Updated as of 04/29/20

Figure 1

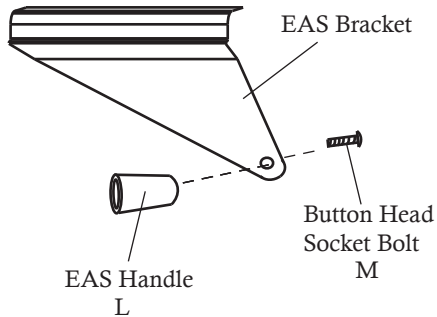

Figure 2

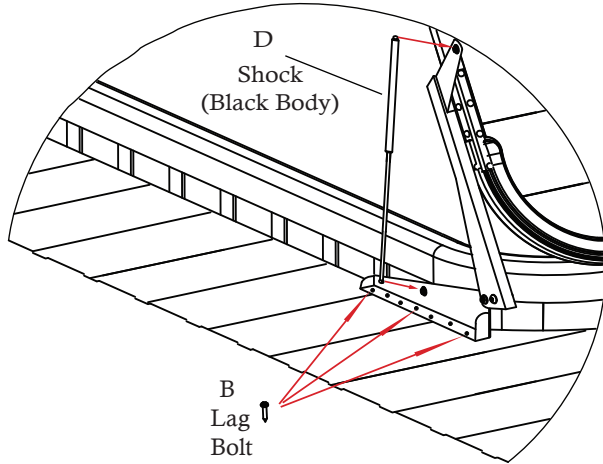

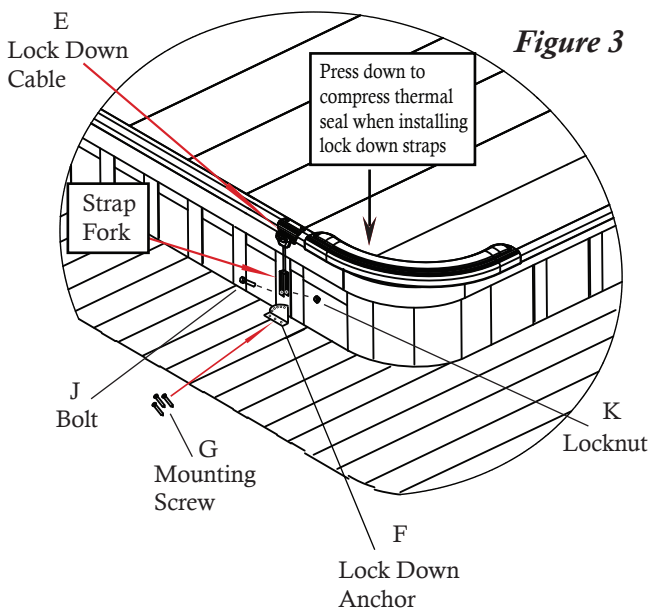

Figure 3

Step #1

Position the Smartop (in closed position) on the spa making sure that all four corners are properly positioned and square on the spa.

Step #2

Attach the EAS handle to the EAS bracket using the supplied 5/16 x 1-1/4" button head socket bolt (see Fig. 1).

Step #3

Attach the Smartop deckmount mounting bracket to the deck using the supplied hex lag bolts (see Fig. 2). **Note: If the Smartop deckmount mounting bracket does not contact the deck, you may need to shim the bracket with wood in the thickness needed.**

Step #4

Gently raise the Smartop into the upright position making sure to keep a firm grip on the cover and attach the shocks to the ball studs (see Fig. 2). **Note: When attaching the shocks, make sure the black body of the shock is on top.**

Step #5

Connect the lock down strap to the lock down anchor using the supplied #8 x 3/4" button head socket bolt and locknut in the hole that allows the base of the lock down anchor to be flush with the deck. Next, attach the lock down anchor to the deck using the supplied #10 x 1-1/2" mounting screws (see Fig. 3). **Note: When installing lock down straps, press down on the Smartop to compress the thermal seal.**

Operation of your Smartop Cover

- 1) Fold the first half of the Smartop cover off the spa. While gripping the EAS handle, motion the Smartop cover into it's vertical upright position.

CAUTION!

Do not use the Smartop in high wind conditions. Injury from the spa cover being blown over and impacting the spa user can occur.
